President's Pearls

A man and his wife decided they needed at least a 2-week vacation when the virus restrictions were lifted. SO, he taped a world map on the refrigerator, gave his wife a magnet and told her to throw it and wherever on the world map it landed, they would go there. Somehow it seems they are going to be spending their 2 weeks BEHIND THE REFRIGERATOR! This is how I feel right now; only I am not behind the fridge but rather right in FRONT of it with the door open wondering what I can eat for the current hour. Fred needs to put a lock on the fridge with a timer on it that will open only THREE times a day instead of every hour.

I trust that all of you are staying safe and still healthy. Things are at a point right now that it seems like the best idea is to CANCEL our general meetings for the rest of this year. There are only 2 left at the very most and our Banquet has been cancelled by the restaurant. I really thought we were going to be able to get together and actually see each other, but that hope has faded! If I knew how to ZOOM or SKYPE or whatever one does, I would show my face so you won't be surprised when you finally do see it next year. I hope all of us still recognize each other. I, for one, have had a hair color change since it is now "aunatural"!

So, because we are not having our November meeting, the nominating committee has not sent out any ballots. Also there were NO positions that had 2 or more nominees so there were no decisions to be made and the slate of OFFICERS and DIRECTORS stands in 2021 as it was in 2020.

(con't from above)

This is the list of names on our BOARD for 2021: President: Sharon, Vice-President: John, Secretary: June, Treasurer: Norma, Sergeant at Arms: Carla, Directors: Vern, Fred, Minda and Kayann. Thanks so much to all of you for being willing to serve on the Board for another year.

On another note, we are still up in the air about the "tour" to the Gem Museum. Vern didn't get any confirmations that anyone is interested in going. But he has been in a "catch-22" because before he can call the museum, he has to have a confirmed number and the museum will give him a date and time that is open.

(con't from the left)

The museum is still at groups of 10 in order to meet the group rate. So, please let Vern know if you would like to be one of the 10 so he can get a date for the "tour". Also, he will need to pay to reserve the spot for us so he kinda has to have some concrete numbers.

I am so looking for things to normalize and I know all of you are too. Now I'm concentrating on all of us having a great 2021!
